### **PRODUCTS AND PRICING**

1. All items must be locally grown and/or produced. Locally grown means Lucas County and the surrounding counties, including the bordering Missouri counties. Produce sellers must grow a minimum of 51% of their produce themselves and have a signed statement from the producer from which the other was obtained, containing the name, address, and phone number of the producers and address of the physical location where produce was grown (if different than producer's address). Vendors may sell produce or other items from someone else as long as it is homegrown or homemade and a label must be placed on the product to certify origin. Vendors found to be in violation of this rule may be asked to leave the market.
2. Prices must be clearly marked or posted for all items sold. The CFM will not establish minimum prices on commodities; however, we ask that **fair market pricing apply**.
